In order to attend the Selection Camp you must register online at: <http://fc-alberta.goalline.ca/>

Once registered on-line you will receive a link to the **Privit Medical Records** site we have contracted to handle all medical information on our players. It will take about 15-20 minutes to either complete and will not cost you anything. Once done it will be your permanent record with us that you can use to keep your medical status up to date and transfer to any program you wish to try out for with Football Alberta in the future. This **NEEDS** to be done before hitting the field.
